

E ROUTE

The Current E Route runs from the Transfer Station to WSU, Aquatic Center, Hopkins Ct., Military Hill then back to the Transfer Station. It runs on 45 minute loops from 6:30am - 6:30pm. Shift schedules for businesses on Hopkins Ct. are not currently matching up with route times and ridership is minimal. This portion of the E Route is being eliminated at this time.

E ROUTE OR (GREYHOUND ROUTE) OR (BLUE ROUTE)

The proposed E Route will run in the opposite direction of the current E Route. This allows the bus to pick up on Military Hill and then head straight for campus. The E Route will now service Terre View and Brandi Way. The only stop that will need to be relocated to accomodate the change will be on Brandi Way.
